

Monthly Motivator: March Time to start Marching!

Spring is just around the corner and Iowa Safe Routes to School invites you to celebrate Walk to the Park Day on March 30th. Below are some tips on how to get MARCHING in March.

- Make a goal to walk to as many parks as you can.
- Start with the closest and work your way out.
- Have fun exploring each park!

How many parks can you walk to by the end of the month?

Whether you are a parent, teacher, concerned neighbor or official. There are many small ways to help kids and families make the daily trip to school better. Safe Routes to School coordinators can help you find a strategy you're interested in to make walking and biking to and around your school safer. Now is the time to start planning for end-of-the-school-year events like Bike Rodeos, Bike to School Day, or reforming those Walking School Bus networks.

Reasons to Get Moving in March!

Absolutely Incredible Kid Day - 18th

Day of Happiness- 20th

Take a Walk in the Park Day! - 30th
